Ghaziabad, Uttar Pradesh

PROFILE

Motivated B.Tech Computer Science student at ABESIT with a strong foundation in full-stack web development, focusing primarily on front-end technologies and UI/UX design. Skilled in React, Node.js, HTML, CSS, JavaScript, and Figma, with hands-on experience building responsive, user-centric web applications. Passionate about creating real-world digital solutions that combine functionality with intuitive, engaging design. Eager to grow through practical experience and contribute to impactful projects.

TECHNICAL SKILLS

Web Development: HTML, CSS, JavaScript, React.js, Node.js, MongoDB, Next.js, Bootstrap, Tailwind CSS, REST APIs, Firebase (basic), Express.js, C++
Design: Figma, UI/UX, Wireframing, Prototyping, Website & App Design, Logo Design, User Research
Tools/Productivity: Git, GitHub, VS Code, Canva, Chat GPT (as a productivity & ideation tool)
Learning: Framer motion ,TypeScript, Backend (Node, Express, MongoDB), Firebase

WORK EXPERIENCE

Hacknovate 6.0   **Feb 2025 – Mar 2025**
Organizer & Lead Designer
Led the design team and coordinated with developers and marketing teams for Hacknovate 6, a student-led hackathon event. Created the event's branding assets, promotional posters, social media creatives, and the official website UI using Figma. Ensured a cohesive and modern design language throughout the hackathon's digital presence. (Also , this year's theme was Harry potter)

Grootz
UI/UX Intern   **July 2024 - October 2024**
A UI Design of Grootz Gateway Website And Academy website Project Overview
 Designed the Activity, Blog, Courses, and Contact pages for Grootz Gateway & Academy websites using Figma. Created wireframes, high-fidelity UI, and interactive animations to enhance user experience and visual appeal.

Shoppers E-commerce
Freelance Work   **June 2024 - June 2024**
Designed the complete UI/UX of a fashion-focused e-commerce website called Shoppers using Figma. Focused on creating a clean, responsive layout with modern visual elements, intuitive navigation, and smooth product browsing experience. The design included category filters, product cards, brand highlights, and a newsletter section. Prioritized user engagement, accessibility, and aesthetic appeal throughout the design.
